FECIALES appellant nummos Bizantij, typos teſſerarios, impreſſos ea figuratione; vt monetam orbe ac metallo referant. Sunt autem, qui putent, ijs notari ſtipendia Heroum, in expeditionibus ſacris. Alij pertinere arbitrantur, aut ad ærarij ſupremos Præſides, ſeu Regios Quæſtores: aut ad Summos Dynaſtas, qui monetam propriam cudendi ius ac poteſtatem habuerint. Ego ſimilitudinem in eis agnoſco lati claui, ex auro argentoue, in veſtibus eorum, qui fuerunt ex primario magiſtratu. Siquidem ex alterutro fiunt metallo ſemper nummi Bizantini, in arte rei teſſerariæ: ſicut fiunt ſemper ex colore aliquo liba ſcutaria, ſeu placentæ ſymbolicæ.
